No problem, not surprised NGS is taking up a lot of time. Feel free to contact me whenever you have time!

Sorry to miss you again, Noah, but I'm not really ready to talk about WPX anyway -- I got pulled into the Navajo Generating Station decommissioning matter and it's been monopolizing my time. I'll give you a call in a week or so, if that's okay.

Jill

Hi Jill,

Unfortunately I am not in the office tomorrow (I work at home on Tuesdays) but I would be happy to check in by phone about WPX, either tomorrow or some other time this week.

Best,
Noah

Hi all,

I wanted to let you know that I'll be in your offices for a Navajo uranium meeting on Tuesday, May 16, starting at 10 a.m. (like last year). I don't mean to impose on anyone's schedules, just to let you know I'll be there in case you'd like to meet about anything. The pending issues that come to mind at the moment all involve the Navajo Nation, and are: the PWS Western Agency primacy application, the Navajo Gallup Water Supply Project/MOU, the WPX facilities (NSR/jurisdiction), and the NTUA WWTF enforcement matter. I'm also

working on CAA Title V permit matters, but I don't know if Ann Lyons is still there (I don't think so) and I don't know who's taken her place, and on a NPDES primacy application, but we haven't submitted anything yet.

Hope you're all doing well.

Best,

Jill
